**VOTE! FOR A CLEANER, SAFER, MORE
ACCOUNTABLE AURORA**

Residents are not interruptions to government.
They are crucial partners.

Sample Action Plans

1

Respect & Transparency

Ward 2:

- Quarterly progress reports,
- Bi-monthly and ad hoc *Town Halls*,
- Ward ambassadors.
- Councillor Office & Staff

2

A Safer & More Accountable Aurora

- Better lighting, safer sidewalks
- Safe and responsible E-bike usage
- Responsive property management
- Proaction: solutions before crisis

3

Community Standards & Pride

- Proactive Property Standards: quarterly checks, not complaint-driven
- Beautification: support vibrant, welcoming business storefronts and spaces
- Destination Aurora: build on our community pride and attract more visitors

Effective government starts from the ground up, not top-down. As a transformational leader, I put people first: listening to your needs, keeping you clearly informed, and bringing your voices to the council table before decisions are finalized.
